

PRACTICE COMPLAINTS PROCEDURE

If you have a complaint or concern about the service you have received from the doctors or any of the staff working in this practice, please let us know. We operate a practice complaints procedure as part of an NHS system dealing with complaints. Our complaints system meets national criteria.

How to Complain

We hope that most problems can be sorted out easily and quickly, often at the time they arise and with the person concerned. If your problem cannot be sorted out in this way and you wish to make a complaint we would like you to let us know as soon as possible – ideally within a matter of days if possible – because this will enable us to establish what happened more easily.

If it is not possible to do that, please let us have details of your complaint:

- within 12 months of the incident that caused the problem; or
- within 12 months of discovering that you have the problem, provided this is within 12 months of the incident.

Complaints should be addressed to the Operations Manager in the first instance in writing to:

harfordhealthcentre@nhs.net

What we will do

We will acknowledge your complaint within 3 working days of receiving it and aim to have looked into your complaint within 6 Months or earlier, depending in the nature of the complaint. We shall then be in a position to offer you an explanation, or a meeting with the people involved. When we look into your complaint, we aim to:

- find out what happened and what went wrong
- make it possible for you to discuss the problem with those concerned, if you would like this;
- make sure that you receive an apology, where this is appropriate;
- identify what we can do to make sure the problem doesn't happen again.

Complaining on behalf of someone else

Please note that we keep strictly to the rules of medical confidentiality. If you are complaining on behalf of someone else, we have to know that you have permission to do so. A note signed by the person concerned will be needed, unless they are incapable (because of a medical problem) of providing this.

Complaining to NHS England

We hope that if you have a problem you will use our practice complaints procedure. We believe this will give us the best chance of putting right whatever has gone wrong and an opportunity to improve our practice. However, this does not affect your right to approach NHS England if you feel you cannot raise your complaint with us, or you are dissatisfied with the result of our investigation.
